ABOUT US

Aircon Services LLC provides building Fire Alarm & Fire Fighting, MEP services, Fit-Out, Refurbishment works and Maintenance services, based in Dubai, Sharjah and Abu Dhabi-UAE. The changing work environment during the recent years have inspired our range of services. An increasing number of organizations in both public and private sectors are realizing the commercial and service benefits of outsourcing as part of their business

Outsourcing enables an organization to get the best technical expertise at cost effective rates for non-core support function, freeing them to concentrate in core business. We have developed to service many organizations with our highly professional, talented and dedicated team. We believe that our Client's capital investment deserves appropriate attention to maximize present resources. This is achieved through quality and experience staff, effective use of resources at possible best price and provides realistic solutions..

MISSION

To provide an increasing range of cost effective, support service solutions, of international standards, for public, private and industrial applications, with technical excellence, quality staff and reliability, to ensure the safety, longevity of client investments
